

GoldHaven Announces Change of CFO; Grants Stock Options

Vancouver, British Columbia - (April 1, 2022) - **GoldHaven Resources Corp. (CSE: GOH) (OTCQB: GHVNF) (FSE: 4QS)** ("GoldHaven" or the "Company") is pleased to report the appointment of Sead Hamzagic as Chief Financial Officer of the Company replacing the retiring Darryl Jones. The Company thanks Mr. Jones for his tenure as CFO.

“Darryl has been our CFO from day one. He has been a valued member of our senior management team and has made significant contributions to the business during his tenure,” said Justin Canivet, GoldHaven’s CEO. “On behalf of the Board, I would like to thank Darryl for all his hard work and dedication and we wish him all the best.”

Incoming CFO, Mr. Hamzagic, is a Chartered Professional Accountant with over 35 years of public practice experience and over 25 years in senior management with publicly listed companies.

Justin Canivet, stated: “Sead brings a strong track record of driving results and accelerating growth, and we are thrilled to welcome him to our team as CFO.”

Stock Option Grant

The Company further reports that, pursuant to the Company’s Incentive Stock Option Plan, the Company has granted incentive stock options to certain officers and consultants of the Company to purchase up to 1,250,000 common shares in the capital stock of the Company. The options are exercisable on or before April 1, 2027 at an exercise price of \$0.16 per share.

About GoldHaven Resources Corp.

GoldHaven Resources Corp. is a Canadian junior metals exploration Company focused on acquiring and exploring highly prospective land packages in both Canada and Chile. GoldHaven maintains a strategic presence in the gold and silver rich Maricunga Gold Belt of Northern Chile which is host to several mining and advanced exploration projects including Salares Norte (Gold Fields), Esperanza (Kingsgate Consolidated), La Coipa (Kinross), Cerro Maricunga (Fenix Gold), Lobo Marte (Kinross), Volcan (Volcan), Refugio (Kinross/Bema), Caspiche (Goldcorp/Barrick), and Cerro Casale (Goldcorp/Barrick). The Company has identified a total of 12 high-priority targets at its Alicia and Roma project areas in the Maricunga within a prominent regional NW-SE structural trend along strike from Gold Field’s Salares Norte deposit (5.2 million ounces of Gold¹). These targets have been designated “High Priority” due to the extent, pervasive alteration, favourable geology, highly anomalous rock geochemical results, and their relative proximity to existing deposits. GoldHaven is also making exploration progress at its Smoke Mountain property (Canada) which is strategically located in the Central British Columbia Porphyry-Epithermal Belt in close proximity to Surge Copper’s Berg project, as well as its Pat’s Pond and O’Neill claims in

Newfoundland's Central Newfoundland Gold Belt (Canada). Pat's Pond is strategically located in close proximity to Marathon Gold's Valentine Lake gold project and on strike from the Boomerang/Domino VMS deposit. Both project areas in Canada are highly prospective for gold, copper, silver and zinc and all project areas have large scale discovery potential.

On Behalf of the Board of Directors

Justin Canivet, CFA
Chief Executive Officer

Cautionary Statements Regarding Forward Looking Information

This news release contains forward-looking statements and forward-looking information (collectively, "forward looking statements") within the meaning of applicable Canadian and U.S. securities legislation, including the United States Private Securities Litigation Reform Act of 1995. All statements, other than statements of historical fact, included herein including, without limitation, the intended use of the proceeds received from the Offering, the possible acquisition of the Projects, the Company's expectation that it will be successful in enacting its business plans, and the anticipated business plans and timing of future activities of the Company, are forward-looking statements. Although the Company believes that such statements are reasonable, it can give no assurance that such expectations will prove to be correct. Forward-looking statements are typically identified by words such as: "believes", "will", "expects", "anticipates", "intends", "estimates", "plans", "may", "should", "potential", "scheduled", or variations of such words and phrases and similar expressions, which, by their nature, refer to future events or results that may, could, would, might or will occur or be taken or achieved. In making the forward-looking statements in this news release, the Company has applied several material assumptions, including without limitation, that investor interest will be sufficient to close the Offering, and the receipt of any necessary regulatory or corporate approvals in connection with the Offering and the Assignment, that there will be investor interest in future financings, market fundamentals will result in sustained precious metals demand and prices, the receipt of any necessary permits, licenses and regulatory approvals in connection with the future exploration and development of the Company's projects in a timely manner, the availability of financing on suitable terms for the exploration and development of the Company's projects and the Company's ability to comply with environmental, health and safety laws.

The Company cautions investors that any forward-looking statements by the Company are not guarantees of future results or performance, and that actual results may differ materially from those in forward-looking statements as a result of various factors, including, operating and technical difficulties in connection with mineral exploration and development activities, actual results of exploration activities, the estimation or realization of mineral reserves and mineral resources, the inability of the Company to obtain the necessary financing required to conduct its business and affairs, as currently contemplated, the inability to close the Offering, the inability of the Company to enter into definitive agreements in respect of the Letters of Intent which are the subject of the Assignment, the timing and amount of estimated future production, the costs of production, capital expenditures, the costs and timing of the development of new deposits, requirements for additional capital, future prices of precious metals, changes in general economic conditions, changes in the financial markets and in the demand and market price for commodities, lack of investor interest in future financings, accidents, labour disputes and other risks of the mining industry, delays in obtaining governmental approvals, permits or financing or in the completion of development or construction activities, changes in laws, regulations and policies affecting mining operations, title disputes, the inability of the Company to obtain any necessary permits, consents, approvals or authorizations, including by the Exchange, the timing and possible outcome of any pending litigation, environmental issues and liabilities, and risks related to joint venture operations, and other risks and uncertainties disclosed in the Company's latest interim Management's Discussion and Analysis and filed with certain securities commissions in Canada. All of the Company's Canadian public disclosure filings may be accessed via www.sedar.com and readers are urged to review these materials.

Readers are cautioned not to place undue reliance on forward-looking statements. The Company undertakes no obligation to update any of the forward-looking statements. The Company undertakes no obligation to update any of the forward-looking statements in this news release or incorporated by reference herein, except as otherwise required by law.
